Flint Garrison has been buried and the Civic an Referendun League are the only mourners that are left. We cannot pronounce the benediction, "Peace be to his ashes," because he was associated

the benediction. "Peace be to his agines," because ne was associated with a disturbing element of our city.

As we predicted, the people of St. Losis administered a sound resulps to the so-called Civic and Referendum League and their supporters. The Post-Dispatch, Star, and Republic will have to do some loud howing to get out of the hole, because, as they contend of, the people have spoken, and in no mistaken terms. The verdict of the people, is, Approval CI The Present Administration.

It is a pity that some good meaning people should find themselves entangled in the web of a crowd of knockers and obstructionists. Everybody knows that Mayor Kiel bas given the City of St. Lösst, a business administration, and for the like of us, we can't see how some people can be so bline.

can't see how some people can be so bind.

As to the Referendum or Civic League, they may change their name as often as, they please, but a change in the hearts of the promoters is the only thing that sillawe them. It will be refinement that they are the breeders of the residential segregation move, which sought to set the city hack a hundred years, and really cost the city an expense of one hundred thousand dollara.

A TRAVESTY ON JUSTICE

The jury that convicted Dr. L. N. Bondy for his part in the East St. Louis race ript, could not have done justice to his case if they would. Their verifict was one from all reason and expectancy until it appears ridictious.

This verdict bas a real significance so far as the Negro is con-cerned. This is a striking sample of what the white people in A-merica call justice to the Negro.

of course the race rot did occur at East St. Louis. The Ne gross, innocent women and children, were mobbed on the streets. Their homes were set on fire, and the fleeing victims were rhot down like rabbits. Many of them, maimed, were forcibly thrown

back into the raging flames and perighed there. Over one hang dred lost their lives. The laws of the state were violated. The peace and dignity of the great State of lithnois was insulted by such horrible massacre of human beings. And somebody must suffer for this awful crime, so they placed the responsibility upon the Negroes, and that is why Dr. Bundy couldn't get a fair trial.

Anybody with common sense knows that it was impossible for Dr. Dundy or any offer Nagro to get justice at the hands of a major was the state of making the prejudiced jury and a prejudiced judge. To go through the form under the real-existing circumctances, was a mere Travesty at Justice.

THE TWO HENRY JOHNSONS

That we are loyel, patriotic-and will follow our leaders has been fully demonstrated during two recent mestings at the Colise-um. That the two Henry Johnsons were just not what we expected does not daunt our courage. We believe the promoters of these patriotic meetings acted in good faith. In each case the promoters overlooked some things they now see. But who among us have not made mistakes. Yet the wise and thoughtful profit by theirs, and and the mistakes of others.

and the mistekes of others.

The deeds done by Sergt. Henry Johnson were worthy of the efforts; and it seems a pity that he haso't sense anough to appreciate the honor that tha people would like to bestow upon him.

So let us forget the "Henry Johnsons" and ture, our thoughts to honoring the returning boys of the Ninety-Second Division.

"WITHIN THE LAW"

The Chief of Police O'Brein has said that no waving of the red flag goes in St. Louis. Mrs. Kate O'Hare flaunted the red fleg et the Odeon last Monday night—the blood-red dress she wore.

Little children macked the order of the chief by waving the red flag-the two large boquets of roses presented to Mrs

O'Hare.

Mrs. O'Hare showed all the keennesa and subtlety of a woman by staying within the law.
